STUDENT TESTIMONIALS

"Knowledge Varsity has been of great help to me in learning and developing effective strategies for my CFA Level 1 exam. The course structure designed was highly effective as it identified and stressed more on all those areas that carry heavier weight in CFA exam. The entire faculty was drawn from the industry and hence had a hands-on experience on all the topics covered which went a long way in making the students grasp the difficult areas in a much easier way. Faculty members gave us personalized attention and were always there to offer enthusiastic suggestions to make our preparations better."
